

In Lieu of Flowers

Flowers add color, beauty and a liveliness to the moment and often speak of support and love.

But they are only for the moment as they are quick to wither and fade.

Life has many moments when love and support needs to be shared. Rather than send a short lived flower, give to what the beloved has a heart for and extend the mission of their life. Make a gift in Memory or Honor to their favorite charity.

One of the greatest missions on earth is the ministry of Jesus Christ through the people of His Church. Consider naming your church as a beneficiary of your giving and love in lieu of flowers.
